

INTELLIGENT CONNECTED EQUIPMENT

AutomaTech's Intelligent Connected Equipment solutions help industrial equipment manufacturers:

- Improve Machine Performance & Analytics
- Simplify Secure Remote Machine Connectivity
- Automate Systems, Data Collection, and Reporting
- Drive Additional Value & Revenue Streams

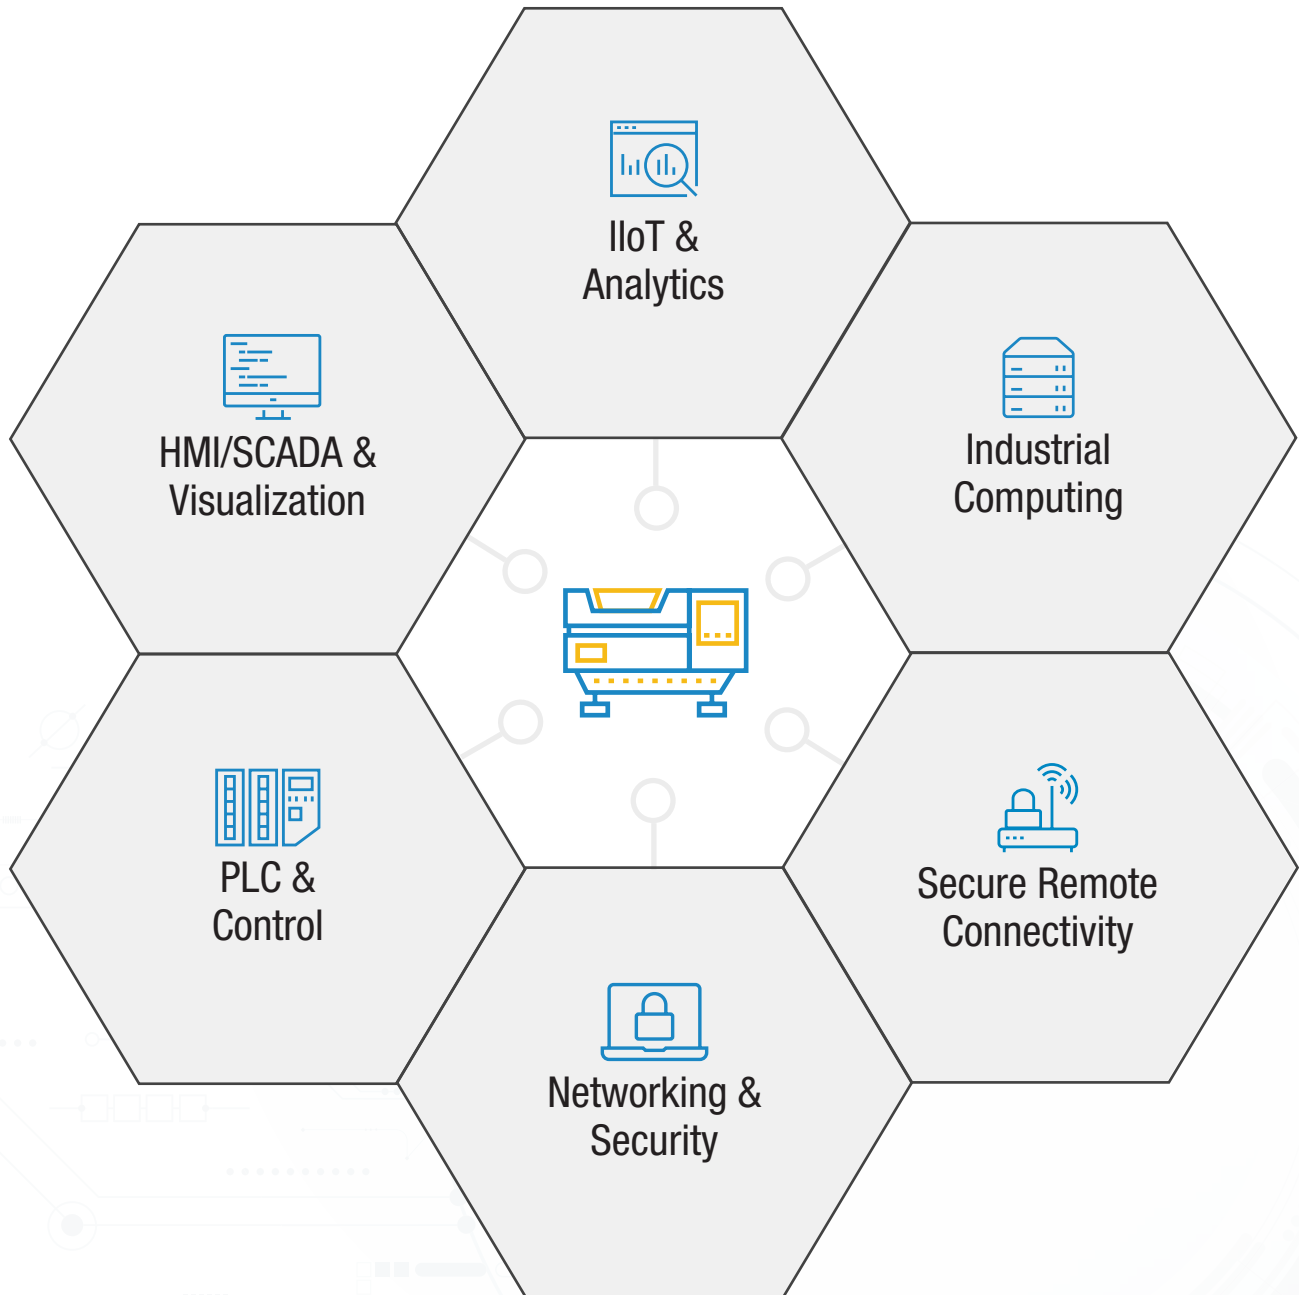

Equipment manufacturers design, build, and sell systems to many of the markets served by AutomaTech. We share a deep understanding of their specialized needs, an appreciation for the demanding environments in which they operate and the commitment to deliver products and services needed for success. We partner with OEM customers to offer customized training, enabling you to drive business development and generate new revenue streams.
