AutomaTech®

AutomaTech is a leading provider of industrial technology solutions focused on improving your operational performance
By harnessing the power of data, we enable significant gains, visibility across your entire organization, and increased profits for a competitive edge. Our product offering includes a flexible and scalable mix of hardware and software solutions to solve your toughest challenges while providing a road map for future improvements and growth. More importantly, we stand behind all our solutions with superior and ongoing support for the lifetime of your products, helping you maximize your investment and operational potential.

OUR SOLUTIONS

Manufacturing & Operational Intelligence

HMI/SCADA & Automation

Industrial Internet (IIoT) & Cloud Applications

Augmented & Mixed Reality

Asset Performance Management

OT Infrastructure & Cyber Security

INDUSTRIES SERVED

Manufacturing

Water & Wastewater

OEMs

Campuses & Facilities

Power & Utilities

Transportation

Strategic Partners

GE Digital — Transforming businesses and leading the digital industrial era with software solutions

FORTINET — Cybersecurity Solutions, Convergence of Networking & Security

MOXA — Industrial networking, computing, and automation hardware including switches

CAPSTONE TECHNOLOGY — Real-time data and visualization provider, featuring the dataPARC software suite

Stratus — Hardware based fault tolerant computers and virtualization solutions

FacilityConneX — Cloud-based energy management with real-time info, alarming, and predictive analytics

MITSUBISHI ELECTRIC — Drive products and solutions including AC servo systems and inverters

ADVANTECH Enabling an Intelligent Planet — Industrial computers, data acquisition, I/O, HMI, communication cards, and more

Nematron — Industrial PC computers, monitors, and control HMIs for industrial automation

ARISTA — Industrial computers, monitors, thin clients, custom computing solutions

NOZOMI NETWORKS — OT and IoT security and network visibility, threat detection and operational insight

AXIOMTEK — Industrial PCs, touch panel computers, HMI, industrial networking, and more

Pro-face — HMI Operator Interface, industrial computers, flat panel monitors, and more

Dream Report Ocean Data Systems — Simplify complex plant reporting with clean, professional, easy-to-use custom reports

SyTech — Automated reporting and data analysis software for production and management

IVC INDUSTRIAL VIDEO & CONTROL — Rugged IP cameras and video management software for monitoring and surveillance

THINMANAGER A Rockwell Automation Technology — Thin client management and mobility solutions for the modern factory and office

kepware — Connect, access, and control industrial data with an enterprise-ready platform

UNITRONICS — PLCs with integrated HMI, full line of VFDs, a broad array of I/Os and complementary devices

AUVESY-MDT — Advanced backup and version control software that protects intellectual property

WIN-911 SOFTWARE — Alarm notification software supplying telephonic data acquisition and controls

OPSWAT. — Cross Domain Solutions, Secure Device Access, Network Access Control, Malware Analysis, Security, Developer Tools

TOPVIEW — Comprehensive Alarm and Notification Software

AutomaTech®

AutomaTech is an Industrial Automation Distributor and Representative helping customers with their operational and technology needs
