PC REPURPOSING SOFTWARE >

## 10ziG PC REPURPOSING SOFTWARE

- ✔ Operate with purpose-built Linux OS
- ✔ Sustain life of existing hardware
- ✔ Save on immediate device costs
- ✔ Reduce overhead spending
- ✔ Install in minutes
- ✔ Configure without hassle
- ✔ Manage endpoints with ease
- ✔ Enjoy single management pane
- ✔ Increase security with thin footprint
- ✔ Streamline audio/video communications
- ✔ Simplify with concurrent licensing

### FREE PC REPURPOSING DEMO

10ZiG RepurpOS™ is designed so that you can easily implement the software onto a computer, laptop, or even an outdated third-party Thin Client with no hassle. Your free 10ZiG PC Repurposing software trial will seamlessly integrate with any hardware component, providing an effortless hardware transformation.

# 10ziG REPURPOSING SOFTWARE

Transforms hardware into a locked down, secure, and integrated virtual endpoint operating system with easy central management.
