

# MANUFACTURING & OPERATIONAL INTELLIGENCE

**AutomaTech's Manufacturing & Operational Intelligence solutions help manufacturing companies:**

- ◉ Digitize & Optimize Manufacturing Processes
- ◉ Improve Data Visualization, Analytics, & Reporting
- ◉ Secure Critical Production Networks & Systems

Manufacturing data collection and integration can become a challenge as information typically exists in multiple disparate systems or locations. AutomaTech has extensive experience helping manufacturing and industrial customers unlock valuable information hidden within their data. Our solutions automate and simplify data collection, visualization, and reporting, providing you with powerful analytical tools to optimize your most important processes and deliver relevant information in context anytime, anywhere.

# OUR SOLUTIONS

FOR MANUFACTURING & OPERATIONAL INTELLIGENCE

## Enterprise & Business Intelligence

Manufacturing Data Aggregation

Asset & Operations Performance Management

Enterprise Integration

## Manufacturing & Operations Management

Manufacturing Execution Systems

Data Visualization & Analysis

Augmented & Virtual Reality

## Process Control & Data Acquisition

HMI/SCADA & Operator Interface

Secure Data Collection

Thin Clients & Computing

## Manufacturing Plant Floor Systems

Networking & Secure Connectivity

PLCs & Controls

Edge Devices & Remote Connectivity
