

AutomaTech is a leading provider of industrial technology solutions focused on improving your operational performance

By harnessing the power of data, we enable significant gains, visibility across your entire organization, and increased profits for a competitive edge. Our product offering includes a flexible and scalable mix of hardware and software solutions to solve your toughest challenges while providing a road map for future improvements and growth. More importantly, we stand behind all our solutions with superior and ongoing support for the lifetime of your products, helping you maximize your investment and operational potential.

OUR SOLUTIONS

Manufacturing & Operational Intelligence

HMI/SCADA & Automation

Industrial Internet (IIoT) & Cloud Applications

Robotics

Asset Performance Management

OT Infrastructure & Cyber Security

INDUSTRIES SERVED

Manufacturing

Water & Wastewater

OEMs

Campuses & Facilities

Power & Utilities

Transportation

Strategic Partners

Transforming businesses and leading the digital industrial era with proficiency software solutions

Advanced backup and version control software that protects intellectual property

Hardware based fault tolerant computers and virtualization solutions

Industrial networking, computing, and automation hardware including switches

American-made, AI-native 6-axis collaborative robots

Industrial computers, data acquisition, I/O, HMI, communication cards, and more

Industrial PC computers, monitors, and control HMIs for industrial automation

Industrial computers, monitors, thin clients, custom computing solutions

OT and IoT security and network visibility, threat detection and operational insight

Industrial PCs, touch panel computers, HMI, industrial networking, and more

Cross Domain Solutions, Secure Device Access, Network Access Control, Malware Analysis, Security, Developer Tools

Real-time data and visualization provider, featuring the dataPARC software suite

HMI Operator Interface, industrial computers, flat panel monitors, and more

Simplify complex plant reporting with clean, professional, easy-to-use custom reports

Data driven analytics, reports and notification, enabling operations to confidently manage their critical infrastructure.

Cloud-based energy management with real-time info, alarming, and predictive analytics

Thin client management and mobility solutions for the modern factory and office

Cybersecurity Solutions, Convergence of Networking & Security

Comprehensive Alarm and Notification Software

Drive products and solutions including AC servo systems and inverters

AutomaTech is an Industrial Automation Distributor and Representative helping customers with their operational and technology needs
